Testimonies

We both were raised in Christian homes and Bible teaching churches. Ron came to personal faith at the age of 10 through the influence of his parents. Mary came to faith at the age of 16 after a serious horse riding accident. Both Ron and Mary were discipled and mentored while attending their universities. It was during these years they both caught the vision for disciple making, believing that everyone is called to be and make disciples. Mary graduated and taught high school in Grand Rapids, Michigan. Upon graduation Ron went to work for Boeing Aircraft in Seattle, WA and then spent 3 year in the US Army as a Military Intelligence officer. In 1970, after a tour in Viet Nam, Ron sensed God's call to join The Navigators staff to work with college students. Mary left teaching to join The Navigator staff at Ball State University in 1971. They were married in 1972 and continued on staff with The Navigators as a couple.
