Questions for reflection.

1. What was the toughest part of your year? How did you manage to navigate this struggle without losing hope in God?
2. What aspect of your relationship with God and His church helped you navigate through your struggle(s)? What encouraged you, even in the low points of the year?
3. What were some anchor points for your hope/encouragement? What would you point to, especially in Scripture, as the promise that helped you hold firm to your faith?
